

[Beth Killoran, Deputy CIO, General Services Administration](#)

Season: 1

| Episode: 6

Culture and emerging tech play a large role in DevOps efforts at the agency.

Fri, 07/12/2019 - 11:15

Beth Killoran speaks at GovernmentCIO Media & Research Tech Futures forum May 9, 2019. Photo Credit: Geoff Livingston

Beth Killoran talks GSA's strategic initiatives for Agile, SAFe and DevOps and its biggest challenges in maneuvering emerging technology and changing culture. She discusses how her background in industrial and organizational psychology has helped her role and in bringing change to the agency.
