

[Listen: Servio Medina, Chief of Cybersecurity Oversight, Governance, & Strategy, DHA](#)

Season: 2

| Episode: 4

A new approach to training service providers is essential to bake cybersecurity into health care.

Wed, 10/30/2019 - 16:20

Servio Medina discusses the importance of cybersecurity in defense health records and activities. He is a proponent of maintaining a "cyber fit" regimen at home and professionally.
