

[VA Digital Experience With APIs, VA.gov and More Panel Discussion](#)

One year since the launch of the redesigned VA.gov, VA continues to improve the digital experience.

Tue, 10/08/2019 - 15:39

Veterans Affairs' Lauren Alexanderson, VA.gov health product and design lead, Andrew Fichter, product owner of the Lighthouse API Platform, and Charles Worthington, acting CTO, discuss successes with the redesigned VA.gov, new features, improvements and what's next.
