

## [Listen: Congressman Gerry Connolly, U.S. House of Representatives](#)

Season: 2

| Episode: 6

Connolly is responsible for shaping government-wide policy for a broad range of issues, including federal workforce and agency oversight, procurement and information policy, and more.

Tue, 11/12/2019 - 14:55

Gerry Connolly discusses government progress on the standards and directives codified in FITARA, IT modernization and FedRAMP. We look at IT modernization efforts in government today, and tackle both the Modernizing Government Technology Act and the associated Technology Modernization Fund.
