

[Listen: Jason Windsor, Chief Health Information Officer, GovernmentCIO](#)

Season: 1

| Episode: 2

Breaking down coronavirus myths and safeguards.

Mon, 03/30/2020 - 10:57

GovernmentCIO's chief medical information officer provides insight, as a former nurse and military officer during the SARS pandemic, the current state of health IT amid the national coronavirus response and what other contractors or the public at large should know about it.
