Cloud-based HR solutions are especially important to maintain workforce across government during telework.

Matthew Bragstad, Infor VP and Head of HCM Strategy and Product Management

Wed, 05/13/2020 - 15:09

The importance of cloud-based solutions in human capital management functions like payroll and leave across government is an area many don't think about during times of crisis. Infor VP and Head of HCM Strategy and Product Management Matthew Bragstad discusses one offering in use in government, GSA in particular, and how the solution enables government to streamline their digital modernization
journeys especially during mass telework.
