Panel: Streamlining ATO for the Cloud

A rapidly shifting cyber threat landscape requires continuous verification of cloud infrastructure, especially as cloud adoption surges

Fri, 11/20/2020 - 20:06

In this fireside chat with GovernmentCIO Media & Research Staff Writer Melissa Harris, FedRAMP Program Manager Brian Conrad discussed how FedRAMP is uniquely positioned to augment cloud security while answering common questions cloud service providers and federal entities may have about federal cloud security.

Speaker: Brian Conrad, FedRAMP Program Manager
