Beth Killoran on Digital Modernization at HHS

HHS CIO discusses the vital role the agency will take in overall U.S. government tech modernization.
Sun, 10/01/2017 - 10:29

Beth Killoran
CIO, Health and Human Services

HHS CIO Beth Killoran outlines the steps HHS is taking to embrace a wholesale modernization plan that accounts for risk management, priority areas, and the potential for accelerated modernization through private-public partnerships.

Prior to joining HHS, Beth spent 11 years at the Homeland Security Department. Killoran also served nine years at the Treasury Department.
