SBA CIO Maria Roat on Modernization as a Forward-Looking Enterprise

The agency sees making room for future technology as vital to successful digital transformation.

Sun, 10/15/2017 - 10:33

Maria Roat
CIO, Small Business Administration
SBA CIO Maria Roat emphasizes the importance of not merely bringing federal IT systems into the present, but of also transforming the SBA to embrace the technology of tomorrow. Roat also explains the essential role industry partners will play in accelerating this modernization process.

Maria Roat brings over 30 years of professional IT experience to her role as SBA CIO. Prior to SBA, she spent two years as CTO for the Transportation Department.
