

[ServiceNow's David Boris at CXO Tech Forum: Transforming Health IT](#)

Partner Content

How automation and user experience has improved digital services at Health and Human Services.

Mon, 05/14/2018 - 22:47

David Boris, account executive at ServiceNow, joins GovernmentCIO Media to talk about how he works with the Health and Human Services to improve user experience and utilize automation. He also discusses what he learned from leaders from Veterans Affairs, Defense Health Agency, Carnegie Mellon, and HHS at the Transforming Health IT CXO Tech Forum.
