

## [Meagan Metzger, Founder and CEO of Tech-accelerator Dcode](#)

Tue, 10/16/2018 - 14:40

This episode features Meagan Metzger, the Founder and CEO of tech-accelerator Dcode. With dual degrees in marketing and engineering, she founded Dcode, at the intersection of tech and government. And of all the tech-based challenges between industry and the public sector, she chose to tackle one of the biggest barriers: procurement. But starting a business wasn't easy, and Metzger had her share of worried nights by the fire - literally. Hear how she got Dcode off the ground, her side passions and Dcode's next tech focus: space.
