

## [Andrew Underhill, CTO, GovernmentCIO](#)

Mon, 04/08/2019 - 11:21

For this episode, Bill Drew interviews the CTO of GovernmentCIO, Andrew Underhill, who has extensive experience with Veterans Affairs and DOD processes, and is an advocate of interoperability and standards development. Underhill discusses how implementing Agile and DevOps principles streamlines services for government and how GovernmentCIO is ahead of the curve in transforming government IT.
